

COORDINATED AUDIT

Gender-based violence:

State response to the prevention, punishment and eradication of violence against women

The Working Group on Gender Equality and Non-Discrimination (GTG) of the Organization of Latin American and Caribbean Supreme Audit Institutions (OLACEFS), led by the Office of the Comptroller General of the Republic of Chile (CGR), with support from the Regional Project "Strengthening External Control for the Prevention and Fight against Corruption," implemented by the German Cooperation, through GIZ, will carry out the third coordinated audit on gender equality of the Organization and the first by the Working Group. This Coordinated Audit, which will be a performance audit, known as a 3E audit by SAI Chile, will aim to evaluate the efficiency of government actions, whether plans or programs, in favor of eradicating violence against women, during the 2019-2021 period. In this way, the reality before and during the pandemic will be observed, which will allow a comparison of the state response and the impact of the COVID-19 pandemic on it.

The Coordinated Audit on Gender-Based Violence: "State Response in the Prevention, Punishment and Eradication of Violence against Women" will have the participation of 24 OLACEFS members (13 full members and 11 associate members):
